The Trust has revamped the ANALYTIQUE in March, 2010 by retaining its basic purpose but enriching it further by segregating it into two parts. The first part, special section, has been dealing with theme based issues and the second part on current affairs. This research oriented but not strictly academic Journal has been set to be a valuable communication channel between the industry people, researchers and thinkers as it provides the platform to discuss and deliberate on current economic issues, which are affecting business and commerce in India. In December, 2012 the Journal has been assigned ISSN No. 2320-1371 (International Standard Serial Number) which was registered through The Head, National Science Library, Indian National Centre for ISSN, C/o.
