### The Future of Insurance in India: Insights Ahead of Insurance Summit 2025

India's insurance sector, valued at over USD 140 billion, is undergoing significant transformation. Ranked among the top ten insurance markets in the world, the sector is witnessing momentum fueled by regulatory reforms, digital innovation, and a growing demand for customer-first solutions.

While the life insurance segment continues to experience steady growth, the non-life insurance sectors—including health, motor, property, and liability—are now poised for rapid expansion. This shift reflects India's evolving risk landscape, changing consumer expectations, and stronger public-private policy alignment.

### GST invoice management system evolves for smarter tax compliance

When the Goods and Services Tax (GST) Invoice Management System (IMS) went live on October 1, 2024, it arrived as a quiet revolution in the nation's GST architecture. Introduced with the promise of real time visibility into business-to-business (B2B) transactions, the system is currently optional – a testing ground rather than a mandate. Yet within months, it became obvious to tax professionals and corporate leaders alike that IMS would reshape not only compliance routines but the very dynamics of trust and transparency across the supply chain.

As Komal Sampath, Director – Indian Tax Practice at Deloitte Touche Tohmatsu India LLP, explained at a recent webinar organised by the Bombay Chamber of Commerce & Industry, the true turning point comes with the decision to freeze outward liability in the GSTR 3B return from the July 2025 tax period onwards. At that juncture, any rejection of credit notes by the customers under their IMS may no longer directly be corrected under summary returns of GSTR 3B – a deadline that demands urgent attention from every taxpayer.

### Centre's New Initiative to Connect MSMEs with Global Market

The Department of Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry Initiative "One District, One Product" (ODOP) aims at fostering balanced regional development across all districts of the country by selection, branding, and promoting one product from each district of the country. The ODOP Initiative aims at attracting investment in the district and boosting manufacturing and exports, thereby generating employment in the district. ODOP is operationally merged with the "Districts as Export Hubs" initiative.
