

# German Medical Institute (GMI) visit to Mumbai, India

## Who we are?

Cyprus's largest private hospital with 600+ employees, 30+ departments, and cutting-edge digital infrastructure.

## Visting delegation

- **Prof. Dr. Constantinos Zamboglou, MHBA, PhD** – Medical Director and Director of the Research and Innovation Department
- **Mr. Paul Doolan, PhD** – Director of the AI Department and Medical Physics
- **Mr. William De Doncker, PhD** – AI and BI Officer

## Partnership opportunities

We're seeking strategic alliances with Indian hospitals and AI developers. GMI offers:

- ✓ **Premium medical data access** for AI development & testing
- ✓ **Real-world pilot testing** with direct user feedback & KPIs
- ✓ **Clinical trial partnerships** for product validation
- ✓ **EU market entry support** - CE registration & AI Act compliance
- ✓ **Cyprus subsidiary establishment** assistance
- ✓ **EU research funding access** - HORIZON projects & Cyprus Research Innovation Foundation grants
- ✓ **Co-development** opportunities of in-house AI solutions
