October 2025

PROCUREMENT NOTICE
OPEN INTERNATIONAL BIDDING
(Authorised under Section 16 of the Public Procurement Act 2006)
CONSULTANCY SERVICES FOR THE EXTENSION OF THE CRUISE JETTY
CONTRACT MPA 678/2025

The Mauritius Ports Authority (MPA) is inviting proposals from suitably qualified Consultancy Firms for **Consultancy Services for the Extension of the Cruise Jetty**, as more fully described in the bidding document.

The bidding exercise will be conducted through Open International Bidding method according to the rules and regulations of the Republic of Mauritius.

Eligibility

The consultancy Firm shall have undertaken at least two (2) projects of similar nature and complexity over the last ten (10) years.

Bidders, specialized in the field, who are willing to participate in this exercise may contact the office of:

The Director, Legal, Risk & Administrative Services
Mauritius Ports Authority
H. Ramnarain Building
Mer Rouge, Port Louis
Tel: + 230 206 5400
Fax: +230 240 0856
Email: info@mauport.com

A complete set of bidding documents will be submitted to bidders via email.

Pre-Proposal Conference

A Pre-Proposal Conference will be held online on **Monday 27 October 2025 at 13.30 hours (Mauritian Time)**. The link to get access online will be provided to bidders along with the Bidding Document as detailed above.

Submission of Proposals

Proposals (Technical & Financial in two separate sealed envelopes) shall be placed into an outer sealed envelope clearly marked "**Contract MPA 678/2025 – Consultancy Services for the Extension of the Cruise Jetty**" and should be addressed to the Director General, Mauritius Ports Authority, 1st Floor, H. Ramnarain Building, Mer Rouge, Port Louis, Republic of Mauritius.

Deadline for the Submission of Proposals

Proposals should be either deposited in the Bid Box located in the Chief Officer's Office, Mauritius Ports Authority, 1st floor, H. Ramnarain Building, Mer Rouge, Port Louis, Republic of Mauritius or submitted by registered post or courier so as to reach the Mauritius Ports Authority on or before **Thursday 04 December 2025 up to 14.00 hours (Mauritian time) at latest**.

Technical Proposals will be opened on the same day at **14.15 hrs. (Mauritian time)** in the presence of bidders or their representatives who choose to attend.

Proposals received after the specified closing date and time will not be considered.

The Mauritius Ports Authority reserves the right to accept or reject any proposal and to annul the bidding process and reject all proposals at any time prior to award of the Contract, without thereby incurring any liability to any Bidder.

Date: 21 October 2025

Mauritius Meteorological Services (MMS)

Project: Supply, Testing and Commissioning of Ten full Synoptic Automatic Weather Stations and Meteorological Information Processing System, including Training

Procurement Ref: MET/OAB 08 of 2025-26

Clarification 1

Following some queries from some bidders concerning above project, please see below the clarifications.

SN	Questions	Answers
1	Request for extension of submission of Bid	Closing date is Friday 24 October 2025 at 14 00 hours (Local time). However, the Mauritius Meteorological Services (MMS) is agreeable to extend the date of submission of bid for an additional two weeks: the new closing date is Monday 10 November 2025 at 14 00 hours (local time).
2	The site where the 10 new AWS will be installed and by whom?	Around the Island of Mauritius and they will be installed by the Technicians of the MMS after successful training.
3	Delivery Place of 10 new AWS and the new MIPS	SSR International Airport Plaisance, Republic of Mauritius, as mentioned in the bidding document. However, Local bidders may deliver the 10 AWS and the MIPS at the MMS Headquarters, St Paul Road, Vacoas. (Mentioning details of charges in the bid document)
4	Place of Testing of 10 AWS and the MIPS	At the MMS Headquarters, St Paul Road, Vacoas.
5	Will the 10 AWS be replacing existing AWS or will they be installed at new location?	Management of MMS to decide.
6	Are all infrastructure available to accommodate the AWS	The AWS should be autonomous (high quality battery powered by solar system, M2M communication).
7	Whether the MIPS will replace the existing system and in which environment?	All the new AWSs should be compatible with the proposed MIPS. However, bidders are invited to propose solution(s) to integrate the existing AWSs with the new MIPS. The existing AWS network at the MMS comprises the following brands: (i) Degreane

Annex IV

SN	Questions	Answers
		(ii) Pulsonic (iii) Sutron It is to be noted that the MIPS will be kept in a server room already equipped with electrical facilities and air conditioning.
8	Can the MMS organise a site visit to evaluate the premises for MIPS?	Upon request from bidders, the MMS may arrange for a site visit by latest Thursday 06 November 2025 at 10 00 hours (local time).
9	Is there a format for the recommendation letter?	No format is available. Bidders should provide proof of previous installation of the quoted AWS in a signed letterhead from at least two tropical countries.
10	Whether items 1, 2 and 3 will be evaluated as a lot?	Bids will be evaluated as a lot for all three items.
11	Range mentioned specifications of the different sensors	All specifications have been drafted as per WMO standards, typically for tropical countries.
12	Are there any civil engineering works required?	No civil work is required. It will be conducted by the MMS.
13	For the measurement of direct solar radiation please confirm the required position	The sensors should measure direct and global solar radiation to be used at 20 degrees south latitude, oriented towards the north and not to be affected by the shadow of the mast. Pyrheliometer will be used to measure direct beam of solar irradiance.
14	Please confirm how the installation and commissioning of all AWS will be done?	Successful bidder will have to install at least one AWS at the MMS to train at least six (6) Technicians, and to conduct the complete commissioning and testing communication with MIPS and display of data. However, successful bidder will have to test and commission all the sensors and all the components of the 10 AWS and the MIPS at the MMS.
15	The recovery mechanism capable of receiving missing data from the AWS	As per requirements mentioned in the bidding document
16	Can you please confirm if this is acceptable alternative to have 6 months storage within the AWS which might be restrictive specifications to certain manufacturers	An alternate to 6 months storage within the AWS may be considered provided that there is no loss of data from the AWS.
17	Communication cabling between AWS and MIPS	No cabling is used. The AWSs and the MIPS will communicate wireless, using M2M and the local telephone network of the service provider.
18	Do you mean with "direct solar radiation" a Pyrheliometer?	The Pyrheliometer will be used to measure direct beam of solar irradiance but Pyranometer will be used to measure the global solar radiation.

SN	Questions	Answers
19	Do all the sensors cables need to run in a protective conduct?	All sensors cables need a protective conduct to operate in harsh condition (cyclonic, tropical weather, high humidity and rodent).
20	IT security: Delivery and configuration of firewall	The Internet Service Provider (ISP) of MMS has a firewall. For the configuration of the existing firewall at the MMS, the successful bidder should communicate with the ISP prior to commissioning and testing of equipment.
21	Installation of WIS2Box and registration with WMO	WIS2Box can be installed. The Acting Director of MMS is the permanent representative and will make arrangement with WMO.
22	Creation of METAR/SPECI messages by MIPS of successful bidder	The MIPS from the successful bidder should be able to create METAR/SPECI messages
23	Incoterms: either CIF or CIP	Bidders are required to consider CIP as incoterms for this bidding process.
24	Measurement of sunshine duration	The sunshine duration should be derived from Pyrheliometer data.
25	Algorithm to calculate sunshine duration	The AWS data logger to calculate sunshine duration is acceptable provided it is as per WMO standard.
26	Rain gauge reporting Resolution	As per WMO requirement, the Rain gauge reporting resolution is 0.1 mm. However, up to 0.2 mm may be considered.
27	Wind Speed Sensor	Wind speed sensor to quote as per the requirement in the bidding document.
28	Mast wind resistance	The mast should withstand wind speed of 300 km/h.
29	BUFR Generation	Template should be 307096 (BUFR sequence for representation SYNOP with supplementary information on one-hour observations) and WIS 2.0 compliant.
30	Air Temperature sensor requirement	Pt 100 4-wire probe for air temperature sensor is requested for calibration purposes.
31	Inspection Requirement	GCC13.1(i): This is a standard requirement as per the bidding document under the PPA 2006. The successful bidder should inspect the equipment along with MMS technical staffs during commissioning.
32	Certificate of origin	Certificate of origin with authorised digital signature is acceptable.

SN	Questions	Answers
33	Warranty Period	Warranty period of 2 years starts after successful commissioning of the 10 AWS.
34	Statement of Ethics	Please consult link https://uncitral.un.org/en/codeofconduct
35	Request for an extension for the delivery period of 10 AWS	Due to time constraint, request cannot be acceded to.

OCTOBER 2025

Invitation for Bids (IFB)

Ministry of Social Integration, Social Security and National Solidarity
(Social Security and National Solidarity Division)

(Authorised under Section 14(2) of the Public Procurement Act 2006)

Supply, Installation, Testing, Commissioning and Maintenance of an e-Social Security System

Open International Bidding

CPB Ref. No : CPB/20/2025

1. The Government of Mauritius through the Ministry of Social Integration, Social Security and National Solidarity (Social Security and National Solidarity Division) invites sealed bids from eligible Bidders for ***the Supply, Installation, Testing, Commissioning and Maintenance of an e-Social Security System as more fully described in this bidding document.***
2. Bidding will be conducted using the International Competitive Bidding (ICB) and is open to all eligible Bidders that meet the following minimum qualification criteria:
 - The Bidder shall submit with its bid evidence to the effect that it has available liquid assets or credit facility of at least **USD 1,000,000** (or **MUR 46,000,000** for local bidders) net of all their obligations in other projects.
 - For financial viability, the Bidder will have to submit the following documents:
 - Certificate from Auditor
 - Copies of audited financial statements of the company for the past five years
 - Bank Certificate
 - Have at least three (3) reference sites where the Bidder has carried out Supply, Installation, Testing, Commissioning and Maintenance of Pension, Administration Systems/ Benefits Administration System within the last ten (10) years of comparable scale.
 - Provide three (3) corresponding testimonials from customers as evidence of satisfactory performance. In case of non-submission of testimonials, reference sites may not be considered.
 - In case of joint venture, Bidders shall submit JV agreement which will cover the whole duration of the project and Power of Attorney in favour of the lead Bidder clearly mentioning their association and stake for the project and nominating the Lead Bidder to participate in the bid. The same shall be signed by the authorized signatory of all the JV members. The Authorized signatory shall possess Board Resolution in his/her favour for granting such rights and copy of such Board Resolution shall be submitted.

- International Bidders must have a local representative, a reputed firm having at least ten (10) years of experience in the Public Sector and in providing both software support and hardware maintenance services and must provide a relevant letter of agreement.
3. A complete set of bidding document in English is available free of charge as an attachment and can be downloaded from these websites: *publicprocurement.govmu.org* and *socialsecurity.govmu.org*
 4. A pre-bid meeting with potential bidders will be held on **Wednesday 12 November 2025 at 10 00 hours (local time)** in the Conference Room, Level 13 of the Ministry of Social Integration, Social Security and National Solidarity, Renganaden Seeneevassen Building, Cnr Jules Koenig & Maillard Streets, Port Louis, Mauritius.
 5. Bids in sealed envelope clearly marked ***“Supply, Installation, Testing, Commissioning and Maintenance of an e-Social Security System”*** - ref. No CPB/20/2025 and indicating the closing date should be delivered/deposited at the address below on or before **Wednesday 10 December 2025 up to 13 30 hours (local time) at latest.**

***Conference Room
Central Procurement Board
1st Floor, Social Security House
Julius Nyerere Avenue
Rose-Hill
Republic of Mauritius***

6. Bids need to be secured by a **Bid Security**. The amount of **Bid Security** required is **MUR 4,100,000**. For International Bidders, the Bank/Insurance Company shall have a correspondent financial institution located in Mauritius.

Late bids will be rejected. Bids will be opened in the presence of Bidders' representatives who choose to attend at the abovementioned address on **Wednesday 10 December 2025 at 14 00 hours (local time)**.
7. The attention of prospective Bidders is drawn to:
 - (i) the fact that they will be required to certify in their bids that all software is either covered by a valid license or was produced by the Bidder; and
 - (ii) that violations are considered fraud, which can result in ineligibility to be awarded public contracts.
