Credit guarantee scheme aims to boost India's export competitiveness Mumbai:

The Union Cabinet's approval of the Credit Guarantee Scheme for Exporters (CGSE) is expected to provide a significant boost to India's export-oriented industries, particularly micro, small and medium enterprises (MSMEs). The scheme, to be implemented by the Department of Financial Services (DFS) through the National Credit Guarantee Trustee Company Limited (NCGTCL), will extend collateral-free credit support of up to ₹20,000 crore to eligible exporters. Member Lending Institutions (MLIs) will receive 100 per cent guarantee coverage, reducing risk and enabling them to provide additional credit facilities to businesses engaged in international trade. A management committee chaired by the secretary of the DFS will oversee implementation, ensuring accountability and monitoring progress.
