Application Guidelines and Requirements

8. How are Award categories structured?

This year, the participants will be evaluated and awarded by industry, ensuring a fair and relevant comparison. Over and above the industry-wise awards, we will also recognise the best of the best across industries through our Marquee Award. The Marquee Award celebrates organisations that stand out for their practices—regardless of industry—by benchmarking excellence at a broader, cross-industry level

Marquee Awards will be presented across the following categories:

- *Large Organizations*
- *Micro, Small and Medium Enterprises (MSMEs)*
- *Emerging Organisations (organisations established within the last 10 years)*

9. How do I determine which industry category is most appropriate for my organisation?

Please refer to the table below for an overview of the industry categories. Participating organisations need to pick the category that best reflects their core business:

S No.	Industry	Includes
1	Technology, Media & Telecommunications	Telecom, Media & Entertainment, Technology, Professional & Knowledge Services, ITeS/BPO
2	Financial Services	Banks (public & private), NBFCs & Fin-techs, Insurance companies, Capital markets & Asset Management

5	Life Sciences & Healthcare	Hospitals and Healthcare Providers, Pharmaceuticals & Biotech, Diagnostics and Healthcare Services

6	Government & Public Services	Ministries, Government Bodies, Statutory Authorities
---	---	--

10. Can the Jury reassign our industry category if required?

Yes. The Jury or organising committee reserves the right to reclassify entries if the selected industry does not align with the organisation's primary business.

11. Can an organisation apply under more than one industry category or submit multiple forms?

Participating organisations are required to nominate themselves under only one industry category that best reflects their core business, and are permitted only a single entry/submission of the nomination form. In case your organisation operates across multiple industries you should choose the industry that most closely aligns with their core or dominant business activity. The Jury's decision on category alignment will be final.

12. Who is eligible for the Marquee "Best of the Best" Awards, and do organisations need to submit a separate application for them?

No separate application is required for the Marquee Awards. All participating organisations are automatically considered for these awards based on their performance in the industry-wise evaluation. An organisation may be recognised with both an industry-wise award and a Marquee Award, subject to the jury's assessment and final decision.

13. What are the file size and format restrictions for supporting materials?

Any supporting document provided by the participating organisation as proof for initiatives or policies should be added to the wireframe document available in each nomination form. Screenshots or relevant evidence should be pasted in the designated placeholders within the wireframe. Once completed, convert the document into a PDF, ensuring the file size is under 10 MB and upload it in the attachment section of the respective form.
